AQUATICS SOLUTIONS

LOCAL SERVICE

SUPERIOR EQUIPMENT WITH UNMATCHED SERVICE

"With Daktronics service we never have to worry. We know if we ever have a problem, Daktronics service staff will be there and get things up and running again."

Kevin Kinel
Swimming Coach
Chesterton High School
Chesterton, Indiana

"We are extremely excited about the opportunities the new integrated system Daktronics provided for our new aquatics center. With the Daktronics video and timing equipment, we will have the best state-of-the-art system available."

Kevin Borg
Director of Facilities
University of California
Los Angeles, California

"Daktronics made sure our equipment was installed correctly, then they trained us so we were ready for our first meet. It was so nice knowing if we ever run into problems, we can call someone in our area to help us trouble shoot. I couldn't be happier with the products and the service we've received."

Billy McLendon
Athletics Director
Corpus Christi High School
Corpus Christi, Texas

VIDEO & MESSAGING DISPLAYS

SEE THE DIFFERENCE

Contrast-enhancing capabilities along with unrivaled uniformity make our video displays the most efficient displays on the market. Bring your scoring to a new level with animations, replays and more.

As the focal point of your facility, you need a display to entertain and inform fans like never before.

- › CRISP, CLEAR VIDEO WITH NUMEROUS EVENT RESULTS CONFIGURATIONS
- › PROMOTE FUTURE EVENTS
- › GENERATE REVENUE THROUGH SPONSORSHIP
- › FEWER PERSONNEL REQUIRED FOR FRONT-END VIDEO EQUIPMENT
- › LIVE-VIDEO INPUTS: HIGH-DEFINITION, COMPOSITE, COMPONENT AND S-VIDEO
- › REFER TO PAGE 13 FOR A LIST OF THE MOST POPULAR SIZES.

SHOW CONTROL COMPUTER

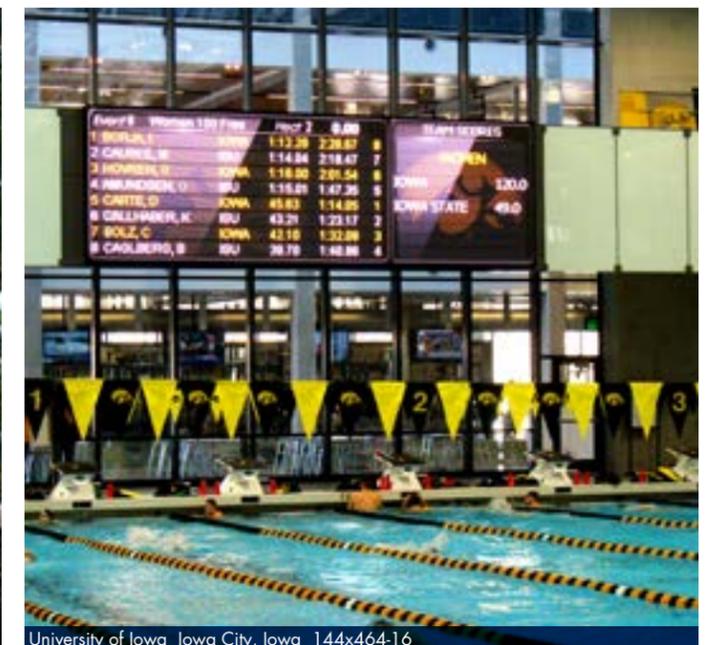

- › Easy touchscreen operation
- › Create, organize and display original content

CHOOSE FROM

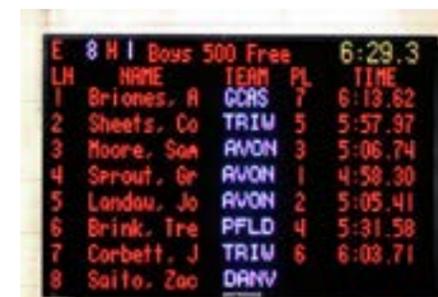

- › 1-input video rack for single live video feeds
- › 4-input video rack for multi-camera switching
- › Multiple resolutions, up to 720p

WATER POLO SCOREBOARDS

WP-2101

H = 3' - 6" (1067 mm)
W = 9' - 0" (2743 mm)
D = 0' - 6" (152 mm)
Digit Size = 10", 8"

- › Score water polo on a dedicated WP-2101 scoreboard
- › Add Player/Penalty information with an optional WP-2102
- › Choose a portable game/shot clock (WP-2103) with 10-hour rechargeable battery
- › Reduce cables with wireless radio control option
- › Compatible with other manufacturers' timing equipment

WP-2102

H = 2' - 0" (610 mm)
D = 0' - 6" (152 mm)

W = 9' - 0" (2743 mm)
Digit Size = 8"

WP-2103

H = 1' - 10" (559 mm)
W = 1' - 10" (559 mm)
D = 0' - 8" (203 mm)
Digit Size = 7", 5"

MULTISPORT DISPLAY

The MS-2113 portable LED scoreboard offers a clock, score and period function.

- › Rechargeable batteries give power for up to 14 hours
- › Available with four wheels and raises up to 5'-2" (1575 mm)

MS-2113

H = 2' - 10" (864 mm) W = 0' - 8" (203 mm)
D = 4' - 4" (1321 mm) Digit Size = 8"

WIRELESS TIMING PACKAGE

- › One portable MS-2113 scoreboard
- › Choice of two game/shot clocks
- › Wireless radio kit
- › Control console

TRAINING & TIMING CLOCKS

Use the PC-2001 portable pace clock for training or as a water polo shot clock.

- › 12 timing programs including water polo game and shot clock
- › Interfaces with Hy-Tek's WORKOUT MANAGER
- › Use for reaction start training with the RTOP and horn start for relay exchange training
- › Indoor PC-2002 may be permanently mounted
- › Try the TI-2101 indoor timing display for larger digits

PC-2001

H = 0' - 9" (229 mm)
D = 0' - 5" (127 mm)

W = 2' - 0" (610 mm)
Digit Size = 7"

TI-2101

H = 2' - 0" (610 mm)
W = 4' - 0" (1219 mm)
D = 0' - 6" (152 mm)
Digit Size = 13"

QUICKLY & EASILY REPLACE
CABLE CONNECTIONS

TOUCHPADS

Rely on fair and consistent starts and turns with the T-7000 series touchpads.

- › Stainless steel construction prevents cracking or warping
- › Highly sensitive nonslip, nonabrasive surface
- › Touchpads fill with water to equalize the internal and external water pressure
- › FT-7240 models meet FINA specifications
- › Field replaceable cabling

STORAGE CART

Conveniently organize and extend the life of your investment. This cart holds up to 10 touchpads.

RELAY TAKE-OFF PLATFORMS (RTOP)

Daktronics manufactures the most accurate RTOP in the industry. Use with Daktronics OmniSport 2000e console and T-7000 series touchpads. The RTOP senses human contact rather than force.

- › The RTOP senses human contact rather than force
- › Athletes aren't vulnerable to different block styles or vibration, styles of starts and weight of swimmers
- › Meets and exceeds all NFHS, USA Swimming, NCAA and FINA requirements
- › Safely transport and store up to 12 RTOPs with the storage cart

RTOP
Storage cart

DECK HARNESS SYSTEMS

On-deck systems use sealed, durable lane modules to connect each lane, while in-deck systems use permanent deck plates.

Both systems feature:

- › 3-button backup timing avoids multiple harnesses
- › Modular design protects from replacing entire harness system

Lane module

Deck plate

Push button

UPDATED CONSOLE

Daktronics is the first in the industry to use Ethernet connectivity, dramatically simplifying system setup.

COLOR-CODED ACCESSORY CONNECTIONS

EASY NETWORK CONNECTIONS

MULTI-CONSOLE SUPPORT

H = 4.3" (109 mm)
W = 20.5" (521 mm)
D = 9" (229 mm)
Wt = 10 lb (4.5 kg)

NEW! OMNISPORT® 2000e TIMING CONSOLE

- › DAKTRONICS **EXCLUSIVE ETHERNET CONNECTIVITY** FOR SIMPLE CONTROL SETUP
- › RUGGED AND WATER RESISTANT ALUMINUM CASE
- › INTERNAL, RECHARGEABLE BACK-UP BATTERY
- › CONTROLS SCOREBOARDS AND WATER POLO SHOT CLOCKS VIA OPTIONAL RADIO CONTROL
- › BUILT-IN HIGH SPEED THERMAL PRINTER GIVES RESULT PRINTOUTS IN UNDER 10 SECONDS
- › COLOR CODED INPUTS ON BACK OF OMNISPORT CONSOLE FOR QUICK CONNECTION

SWIMMING FEATURES

- › Fully compatible with the Hy-Tek MEET MANAGER® software
- › Download order of events in sequential order
- › Accepts 500 entries with event numbers from 1-999 with or without A-Z designators
- › Recall a start signal occurring before the timer is reset
- › Meets all NFHS, USA Swimming, NCAA and FINA requirements

DIVING FEATURES

- › Programs each of four different dive orders up to 25 divers and 13 rounds
- › Printouts include dive results, event order, individual dive lists and console settings
- › Capable of multi-directional communication with eDive and DiveMeets.com

JUDGE CONSOLE

- › Hand-held console for diving and synchronized swimming and diving
- › Available in wireless RC-200 console or a wired JC-100 controller
- › Judges' scores easily entered on up to 9 terminals per base station

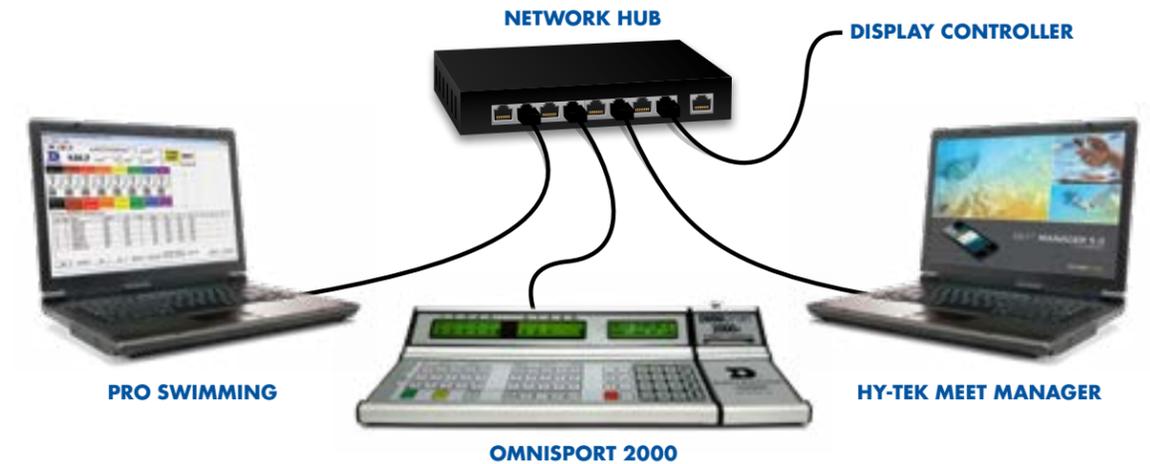

THE ONLY AQUATICS TIMING COMPANY TO OFFER COMPLETE ETHERNET CONNECTIVITY

Aquatics timing is now easier than ever with the updated OmniSport timing console. A single Ethernet connection from the OmniSport to a network hub communicates with all control equipment needed to run a meet. The console provides everything from basic to sophisticated timing for your aquatics events.

No serial connections required

All Ethernet connections

SEND ALL TIMING DATA OVER A NETWORK CONNECTION

- › Ethernet replaces up to 3 aerial connections
- › Easily connect multiple timers via Ethernet within the same facility
- › Simplified controller setup
- › Versatile for different meet configurations
- › Plug-and-play network communication instead of assigned com parts

NEW!

ACTIVE Hy-Tek™ MEET MANAGER® SOFTWARE

COMMUNICATES WITH OMNISPORT OVER ETHERNET (VERSION 5.0)

- › Download event information from MEET MANAGER to OmniSport 2000 timer
- › Retrieve times from OmniSport 2000 timer to MEET MANAGER
- › With touchpad and button times, MEET MANAGER calculates backup times according to official rule book
- › OmniSport 2000 timer requests real-time start lists from the software – no extra work needed to display swimmer substitutions/charges

"The new Daktronics Ethernet connection together with Hy-Tek Meet Manager 5.0 makes running a meet even easier and simplifies system setup!"

Tom Taylor
Associate General Manager
Swimming and Track & Field
The Active Network

SUCCESSFUL INTEGRATION

Daktronics has successfully integrated with the following 3rd party timing systems.

H = 12" (305 mm)
 W = 8" (203 mm)
 D = 14" (356 mm)
 Wt = 13 lb (5.9 kg)

HORN START

The HS-200 Horn Start and public address system provides starting capabilities for aquatics and track.

- Smart Start eliminates possibilities of missed starts
- Practice Mode signals a start every three seconds
- 15-hour rechargeable battery with a 5-year life span
- Easily enable or disable the recall function for false starts
- Separate volume controls and speaker connections between the main/auxiliary and up to 10 individual lane speakers
- Convenient microphone for voice and start/recall tones with a 15' (4572 mm) extension cable

- NEW!** Color-coded connections for simplified setup
- Connects with Daktronics and other timing systems

AQUATICS SOFTWARE

The OmniSport 2000 Pro software expands the OmniSport 2000 console to a laptop with a large screen and easy-to-use controls. This software integrates seamlessly with display control software, the console and popular management software.

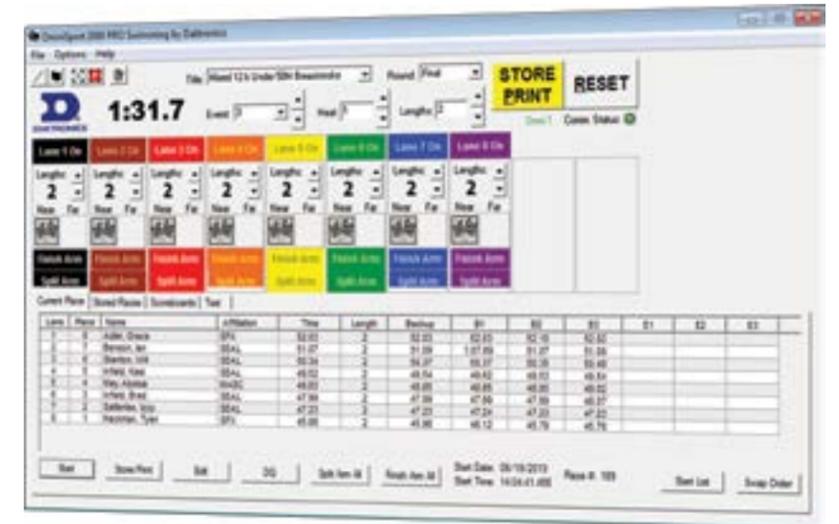

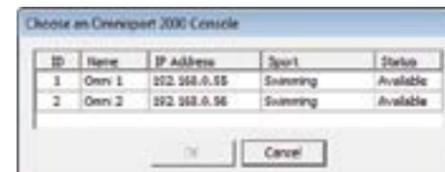

PRO SWIMMING

Computer screen clearly shows all current race data, plus:

- Operators use unlimited race/meet memory besides print, edit or save stored races
- Interfaces with Hy-Tek's MEET MANAGER software to request data directly from the software for display

NEW! DISPLAY MULTIPLE OMNISPORT CONSOLES ON ONE NETWORK

- Facilities with multiple events can easily identify which OmniSport console they are connected to

PRO DIVING

Expanded software provides easy-to-use program for any level of dive meets, including synchronized diving events.

- Guides operator through meet setup
- Easy access to all meet scoring functions: changing, cutting or adding divers
- Pre-enter dive list
- Numerous web-friendly reports

SYNCHRONIZED SWIMMING

Daktronics also has synchronized swimming Pro software. For more options, visit: www.daktronics.com/aquatics

LEADING THE INDUSTRY IN CUSTOMER SUPPORT

We stand behind each product with the most comprehensive service network in the industry. Daktronics' local presence of authorized service companies and employee technicians provides timely, affordable service and valuable peace of mind.

ON-SITE SERVICE

Factory trained local technicians across the country

PARTS EXCHANGE

Major components shipped same day to reduce downtime

TECHNICAL SUPPORT

Live technicians available including nights and weekends

ONLINE RESOURCES
